

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 979
Version:	INT
Request No.:	467
Author:	Sen. Hicks
Date:	01/27/2021

Bill Analysis

SB 979 requires carriers providing coverage for insulin treatments to cap the total amount that the insured is required to pay for a 30-day supply of insulin at \$25.00. The carrier must also cap the total amount that an insured is required to pay for a 30-day supply of FDA-approved diabetes equipment and supplies at \$100.00. The Insurance Commissioner shall ensure carriers comply with the provisions of this measure.
