**ENGR**

**Fiscal Analysis**

HB 1878 there are 7 crossings that will need to be addressed. (Two signs at each crossing.) The cost to install all new sign assemblies at the crossings, would be \$25,000. However, if all crossings have usable existing posts, it might be possible to install new signage for \$11,000. So the cost to place new signs, two at each crossing (two signs per crossing) will range somewhere between \$11,000 to \$25,000.

**FY'22 Impact:** \$11,000.00-\$25,000.00

**Full Year Impact:** \$11,000.00-\$25,000.00
