

Fiscal Impact
2nd Session of the 57th Legislature

Bill No.:	HB 3439
Version:	CS
Author:	Sen. Kidd
Date:	04/11/2022

Fiscal Analysis

HB 3439 removed language that required Conservation Commission to develop rules to implement a pilot carbon credit verification and trading program specific to OK industrial hemp. The act also allows remediation of noncompliant industrial hemp under the jurisdiction of the ODAFF. It also allows industrial hemp, excluding the flower, to be sold for livestock feed and other animal consumption.

ODAFF does not expect a fiscal impact from the bill. Since the CS removes language related to the Conservation Commission, they no longer expect an impact either.
