Fiscal Analysis

HB 4370 requires the Board of Education of a school district with an average daily attendance of more than 5,000 students to provide a live video and audio stream of all public meetings of the board of education; also requires the Board of Education to publish on the website and social media accounts of the school district information on how to access the livestream. School districts may incur additional costs to complement the provisions of this bill if they currently do not have the necessary equipment and infrastructure to provide the live video and audio stream to the public. Currently, there are 22 districts that have an average daily attendance of more than 5,000.
