

**Fiscal Impact**  
2<sup>nd</sup> Session of the 57<sup>th</sup> Legislature

**Bill No.:**

**HB 4389**

**Version:**

**CS**

**Author:**

**Sen. Stanley**

**Date:**

**04/19/2022**

**Fiscal Analysis**

HB 4389 adds language that subject matter standards for computer science shall include an emphasis on computing systems, networks and the Internet, data and analysis, algorithms and programming, and impacts of computing.

The projected cost is a high-level estimate and consists of personnel costs for website and report development as required in the bill. In addition to the one-time cost for report development, there is likely to be an annual maintenance cost that is hard to determine at this time. OSDE expects it will take 120-160 hours at \$60.00 per hour.

**FY'23 Impact:** \$7200.00-\$9600.00

**Full Year Impact:** \$7200.00-\$9600.00
