

Fiscal Impact
2nd Session of the 57th Legislature

Bill No.:

SB 1190

Version:

INT

Author:

Sen. David

Fiscal Analysis

SB 1190 would allow Career Tech to establish a hydrogen energy program. This is a "may", not a "shall", so there is no direct fiscal impact. According to Career Tech, the cost for establishing a hydrogen energy program varies depending on the components of the program. It can range between \$250,000 and \$1,500,000 depending on the equipment to be purchased.
