Fiscal Analysis

SB 1630 requires each public school district to conduct an exit interview with teachers who leave the district's employment. Additionally, it requires that the exit interview include a standardized form created by the Oklahoma State Department of Education that collects specific data from the teachers leaving employment. To implement the provisions of the bill, OSDE believes it will require system enhancements to the School Personnel Reporting system to include additional reasons for exit. Additionally, a system modification is necessary that will allow the district to upload a file containing the recommendations for improving the climate of the school district. Projected cost for making these enhancements: 50-100 hours at a rate of \$85-100 per hour.

FY'23 Impact: \$4250.00-\$10,000.00

Full Year Impact: \$4250.00-\$10,000.00
