2nd Session of the 57th Legislature

Bill No.:

SB 981

Fiscal Analysis

SB 981 Creates a new category of longevity pay for employees who meet standards in their annual evaluation. The first payment for 2 years of service will begin at \$500.00 and will increase by \$250.00 for each additional 2 years of service, capped at \$3,250.00 for 20 years of service. State Impact is undeterminable. The bill affects almost all State agencies and performance ratings for employees are not uniformly/universally tracked in the State. The bill would have a maximum possible impact of no more than \$16,014,274 if all eligible employees met the required standards, but this is not probable. There are too many variables to give a accurate realistic range.
