Author:	Rep. Moore
Date:	3/8/2023
Impact:	\$44,500 per year cost to the DOC

Research Analysis

The CS to HB 1546 directs the Department of Corrections to develop an "Orange Alert" communication system at each correctional facility to notify any resident within a 40 mile radius of the facility when a prisoner has escaped.

Prepared By: Brad Wolgamott

Fiscal Analysis

This measure creates statute that would mandate each correctional facility within the State of Oklahoma to create an "Orange Alert" communication system to notify any resident within a radius of forty (40) miles when a prisoner of a correctional facility has escaped. Per the measure, the Department of Corrections (DOC) would adopt an added feature to a system that is currently being utilized. The annual cost of this added feature is \$34,500 per year, plus an additional \$10,000 for the option to message via voice calls creating a total annual cost of \$44,500 to the DOC.
