Research Analysis

The committee substitute for HB1758 directs county assessors to use on-ground site inspections or aerial image overlays for conducting real and personal property valuations.

Fiscal Analysis

HB 1758 in its current form deals with county assessments of real or personal property. Such changes could lead to more accurate assessment of local property taxes; however, the measure does not impact state revenues or state taxes. For this reason the measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.
