Fiscal Analysis

The Oklahoma's Promise scholarship program is funded through "off the top" money which is approved by the State Board of Equalization and is not appropriated by the Legislature. As such, it would not have a direct impact on the appropriations process. However, it may reduce the amount that is available for the Legislature to appropriate. It is not known how many may be eligible, apply, and fulfill the requirements of the program, but it is not anticipated to result in a significant negative fiscal impact.
