Bill No.:	HB2839
Version:	CS
Request Number:	7923
Author:	Rep. Caldwell, Trey
Date:	3/13/2023
Impact:	Minimal

Research Analysis

The committee substitute for HB 2839 requires the pump for any motor fuel containing 15 percent ethanol to meet federal E15 labeling requirements as prescribed by the Environmental Protection Agency.

Fiscal Analysis

HB 2839 requires that any storage tank of fuel that contains fifteen percent (15%) ethanol be affixed with a label that meets federal E15 labeling requirements. The Oklahoma Corporation Commission (OCC), the regulating agency in this case, expects a minimal fiscal impact from this measure as the fuel tank owners would be the ones responsible for the labels on their dispensers.
