Research Analysis

The committee substitute for HB 2867 classifies failure of a healthcare professional to administer or order a diagnostic test for a tick-borne disease as unprofessional conduct when the test would otherwise be covered by insurance or out-of-pocket payment.

Fiscal Analysis

In its current form, HB2867 modifies the definition of "unprofessional conduct". This measure is not expected to impact state revenues or state appropriations. The committee substitute does not change the fiscal impact of the bill.
