**Research Analysis**

The committee substitute for HB 2868 creates a five-day hunting license for nonresidents hunting winged upland game, excluding wild turkey, in a commercial hunting area. The license costs \$15.

**Fiscal Analysis**

This measure creates a new five (5) day non-resident hunting license for certain specific upland game. This measure will create a negligible impact for the Oklahoma Department of Wildlife Conservation (ODWC). As ODWC is a non-appropriated agency, there should be no impact to state appropriations or revenue.
