Research Analysis

House Bill 3041, as introduced, exempts the State Department of Health from reporting stem cell research if none was conducted that year.

Fiscal Analysis

HB3041 removes the obligation for the State Department of Health (OSDH) to submit a stem cell report to the Governor and Legislature when there is no stem cell research to report that year.

OSDH does not anticipate the passing of this measure to result in any cost savings internally or have a direct fiscal impact on the state budget.
