Impact:	Please see previous summary of this measure

Research Analysis

The proposed committee substitute to House Bill 3839 establishes a bonus program to incentivize individual healthcare providers and operating room teams in public hospitals, and SoonerCare contracted facilities with bonuses for successful high-risk births. Additionally, the measure provides higher reimbursements for individual healthcare providers in obstetrics, excluding facilities with ten or more physicians, and emphasizes addressing high-risk patients, particularly those from ethnic groups with high maternal and infant mortality rates.
