**Research Analysis**

HB 3861, as introduced, requires an insurer to pay for the removal claim of a damaged vehicle, glass, or other harmful substance. The removal fees are considered a special lien and must be paid before any other claims.

**Fiscal Analysis**

HB 3861 creates a special lien requiring the insurer to fulfill a removal claim payable before any other claim that is submitted by the person, wrecker, or towing operator for the removal of a wrecked or damaged vehicle, glass or other injurious substances on the highway or any other location as a result of an accident. The clarification and responsibility created in this measure for the insurer is not expected to have a direct fiscal impact on the state budget or appropriations.
