Research Analysis

The committee substitute to HB 3889 requires the District Attorneys Council to develop and implement a five-year Domestic Violence Forensic Exam Pilot Program, subject to the availability of funds. The pilot program is to provide counties having a population greater than 100,000 with qualified licensed health care professionals to conduct domestic violence forensic exams for victims of domestic violence assault.

Fiscal Analysis

The current version of the measure establishes a Domestic Violence Forensic Exam Pilot Program to be developed and implemented by the District Attorney's Council (DAC), subject to the availability of funding. Officials with the DAC are currently researching the cost of the provisions within this measure and will provide fiscal impact when that research is complete.
