Research Analysis

HB 3935, as introduced, requires all municipalities and school districts to install playground equipment and travel surfaces that are accessible for adults and children who use a mobility device when installing a new playground or updating an existing playground.

Fiscal Analysis

HB 3935 requires that all updates to existing or newly installed playground equipment and travel surfaces meet a certain defined standard. This measure provides guidance and standards for future purchases, and does not mandate any purchases by an entity; therefore, no direct fiscal impact on the state budget or appropriations is anticipated.
