Research Analysis

HB 4060 provides liability protection for people who glean agricultural crops or process wild game and donate the food to a charitable organization, state agency, or nonprofit. The measure defines terms and directs the Oklahoma Department of Agriculture, Food, and Forestry to review its regulations that may limit the use of donated or gleaned food and report its findings to the Legislature and Governor by January 1, 2025. The measure also requires ODAFF to post information on its website so that visitors can find laws related to food donation, just as is already required of the Oklahoma State Department of Health.
