Fiscal Analysis

This measure adds the larceny of gift cards to an existing larceny crime, however the frequency of offenses of this type cannot be predicted. In its current form, HB4069 has the potential to create imprisonments with the Department of Corrections (DOC) at a marginal cost of \$16.60/day per inmate to be absorbed by existing budgetary resources, generate new revenues for the Administrative Office of the Courts (AOC), and is not anticipated to have a material impact on state budget or appropriations.
