

BILL SUMMARY
2nd Session of the 59th Legislature

Bill No.:	SB 1383
Version:	ENGR
Request Number:	
Author:	Rep. West (Josh)
Date:	3/18/2024
Impact:	\$0

Research Analysis

Engrossed Senate Bill 1383 authorizes the Board of Dentistry to enforce all state and federal laws pertaining to the use of diagnostic x-ray systems or other radiation sources used for treatment purposes in a dental office. This measure instructs the Board to collect and provide data and statistics mandated by state and federal laws to the State Department of Health on a yearly basis or as required. The measure also states that the fee schedule set by the State Commissioner of Health in the past cannot be exceeded.

Prepared By: Matthew Brenchley

Fiscal Analysis

SB 1383 directs the Board of Dentistry to regulate the health and safety of x-ray systems used in dental offices. The Board is to submit state and federal required data to the State Department of Health (OSDH) annually or as requested.

The Board of Dentistry is a non-appropriated state agency, therefore any related costs due to the provisions of this measure are assumed to be objective within the agency's current budgetary resources. As a result, this measure will not have a direct fiscal impact on the state budget or appropriations.
