Research Analysis

Engrossed Senate Bill 1708 provides that the "Advancement of Wellness Advisory Council," be composed of 10 members who are appointed by various officials. Three members appointed by the Governor, three members appointed by the President Pro Tempore of the Oklahoma State Senate, three members appointed by the Speaker of the House of Representatives, and one member appointed by the Commissioner. Specific appointments must focus on topics such as tobacco usage and cessation, organ and tissue donation, cardiometabolic disease, American Indian health, and requirements for certified healthy communities and businesses.

Fiscal Analysis

SB 1708 increases the Advancement of Wellness Advisory Council membership to ten (10) members, specifying one member must be knowledgeable on cardiometabolic disease, one member who represents an Urban Indian Health Center, and one member who represents a federally recognized tribe that operates its own health system. All appointed members serve voluntarily; thus, this measure has no direct fiscal impact on the state budget or appropriations.
