| <b>Impact:</b>         | <b>\$0</b>          |

**Research Analysis**

SB1806 authorizes the Department of Mental Health and Substance Abuse Services to oversee the distribution of emergency opioid antagonists by state agencies, provided those agencies have entered an interagency agreement with the Department. Any agency or political subdivision receiving an opioid grant award for purchasing such antagonists must provide data requested by the Department, to include but not be limited to, geographic data and data on the entities receiving emergency opioid antagonists.

The Department is tasked with compiling an annual report starting December 1, 2025, and submitting it to specific officials.

Prepared By: Stefne Miller

**Fiscal Analysis**

SB 1806 directs the Department of Mental Health and Substance Abuse Services (ODMHSAS) to coordinate and oversee the distribution of emergency opioid antagonists by state agencies. Officials from ODMHSAS confirmed the provisions of this measure are objective within the department's existing resources. Therefore, this measure is not anticipated to have a direct fiscal impact on the state budget or appropriations.

Prepared By: Alexandra Ladner, House Fiscal Staff

**Other Considerations**

None.
