Research Analysis

The engrossed version of SB 1904 allows schools that operate full-time virtual education programs to administer state assessments in a virtual setting that best meets the students' needs and aligns with their regular instruction. Assessments for grades 9-12 may not be administered virtually.

Some requirements include:

The student must take the test on an assigned date and time;

The student must be attending a real-time video session with school personnel; and

The device the student uses must have audio capabilities so the test administrator can hear them.
