

BILL SUMMARY
1st Session of the 59th Legislature

Bill No.:	SB200
Version:	CS
Request Number:	
Author:	Rep. Boles
Date:	4/17/2023
Impact:	Minimal

Research Analysis

The committee substitute for SB 200 requires the Corporation Commission and Department of Environmental Quality to evaluate their own respective statutory regulations and determine where modifications are needed in order to provide for the development of underground injection control Class VI wells. All recommended changes must be submitted in a report by August 1, 2023.

Prepared By: Emily Byrne

Fiscal Analysis

According to both the Oklahoma Corporation Commission and the Department of Environmental Quality (DEQ), this measure with the amendment will create a minimal fiscal impact, as there will be fees to help cover the cost of the program. Additionally, DEQ believes they can use current staff to pick up the work-load created by the measure. Therefore, this measure with the committee amendment may create only a minimal fiscal impact for the state.

Prepared By: Mariah Searock, House Fiscal Staff

Other Considerations

None.
