Bill Analysis

SB 1317 creates the Ava Miller Act. The measure increases the apportionment deposited in the Motor Vehicle Driver Education Revolving Fund from the \$3.00 registration fee. The amount is increased by \$600,000.00 to \$1.5 million. The measure modifies the purpose of the Fund and specifies that monies from the Fund shall be used to defray the costs of driver education for all persons under the age of 18 from certified driver education instructors. The measure specifies that persons who receive driver education from a commercial driver training course have their costs defrayed by \$100.00. The measure further indicates that priority in the process of distributing funds shall be given to public school driver education programs.
