

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1398
Version:	INT
Request No.:	2549
Author:	Sen. Woods
Date:	12/15/2023

Bill Analysis

SB 1398 creates the Spring Creek Watershed Study Act. The measure establishes the Spring Creek Watershed Water Quality Advisory Group under the Oklahoma Conservation Commission. The Group shall be comprised of 9 outlined members as well as any additional members as needed. A technical advisory group is also established, and shall be comprised of 8 members. The Group shall advise the Commission in preparing any reports relating to the comprehensive watershed-based water quality plan outlined in the measure. The Commission is required to publish the findings of its study no later than June 1, 2025. The measure authorizes the Commission to contract and cooperate with the Natural Resources Conservation Service of the United States Department of Agriculture and the U.S. Environmental Protection Agency. The measure also establishes the Spring Creek Watershed Study Cash Fund Revolving Fund.
