2nd Session of the 59th Legislature

Bill No.:	SB 1587
Version:	INT
Request No.:	2601
Author:	Sen. Hall
Date:	01/09/2024

Bill Analysis

SB 1587 modifies the definition of electric vehicle as it relates to the Oklahoma Electric Vehicle Charging Act to requires such vehicles to draw current from fuel cells to power an electric motor. The measure also defines fuel cell and hydrogen fueling station as they relate to implementation of the Act. The measure clarifies that the provisions of the Act shall not be construed as to prohibit an electric supplier or municipal corporation from operating, leasing, installing, or otherwise procuring service from an electric vehicle charging station or hydrogen fueling station on its own premises for the sole purpose of serving its own electric vehicles that is not open to the public. The measure also clarifies that the provisions of the Act shall not apply to fueling stations that were constructed, provided by, owned, operated, or maintained by a retail electric supplier or municipal corporation prior to November 1, 2023.
