

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1630
Version:	INT
Request No.:	2907
Author:	Sen. Green
Date:	01/12/2024

Bill Analysis

SB 1630 prohibits any person or entity from compelling or coercing a public utility to meet any rule, standard, or other effort to govern the production, transmission, delivery, or furnishing of electric current for light, heat, or power, or to spread or share the cost for infrastructure of generation methods located in other states.
