Bill Analysis

SB 1781 directs the Oklahoma Water Resources Board to establish the Municipal Waterworks Repair Grant Program. The Program shall award competitive grants to municipalities seeking to maintain or repair existing waterworks. Priority shall be given to applicants who lack sufficient funds for such repairs on their own. All grants awarded shall include a clawback provision. The measure also creates the Municipal Waterworks Repair Grant Program Revolving Fund under the management of the Board. The measure apportiones \$250 million of sales tax revenue to the newly created Fund.
