Bill Analysis

SB 1786 strikes language prohibiting a student athlete from earning compensation in exchange for his or her athletic performance in intercollegiate athletics. The measure adds language providing that representation may be provided to an athlete if the collegiate athletic association does not prohibit it. The measure authorizes a contract using the name or likeness of an athlete to extend beyond the student athlete's participation in the sport at the institution if the contract is between the student athlete and the postsecondary institution or a third party authorized to act on behalf of the postsecondary institution.
