

Bill Summary
2nd Session of the 59th Legislature

Bill No.:	SB 1790
Version:	INT
Request No.	3167
Author:	Sen. Dahm
Date:	01/22/2024

Bill Analysis

SB 1790 strikes language prohibiting a person whose driving privileges were suspended in another country from being issued a driver license by Service Oklahoma. The measure also requires Service Oklahoma to provide clear and convincing evidence that a person cannot physically operate a vehicle. The measure authorizes applicants for a license to provide a medical self-certification that they are able to drive instead of medical information determined by the Service.
