**Bill Analysis**

SB 1967 provides that the theft of a firearm shall be considered grand larceny. The measure removes reference to grand larceny for the theft of items less than \$1,000.00 in value. The measure modifies the various value tiers of grand larceny to reflect this change and provides that the value of the stolen firearm shall be included in the total value of the personal property unless the property taken is valued at less than \$1,000.00.
