Bill Analysis

SB 295 directs the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control to establish procedures allowing a patient to request his or her own controlled substances history or, in appropriate circumstances, that of a patient who lacks capacity to make health care decisions and for whom the individual has legal authority to make such decisions. The measure directs the Bureau to establish procedures allowing a patient or his or her guardian to seek to review any part of his or her controlled substances history and that require the Bureau to revise inaccurate information. Procedures for such requests must be published on the Bureau's website.
