Bill Analysis

SB 567 creates the Automated Community Connection to Economic Self Sufficiency (ACCESS) Act. The measure directs the Oklahoma Health Care Authority and the Department of Human Services to collaborate to provide for a universal eligibility and enrollment application for the state Medicaid program, Temporary Assistance for Needy Families (TANF) program, and Supplemental Nutrition Assistance Program (SNAP). The universal eligibility and enrollment application shall be provided in an electronic format on a cloud-based, commercial-off-the-shelf, software-as-a-service system with native mobile iOS, Android, and web applications.
