

Bill Summary
1st Session of the 59th Legislature

Bill No.:	SB 667
Version:	INT
Request No.:	1467
Author:	Sen. Newhouse
Date:	01/23/2023

Bill Analysis

SB 667 authorizes electric suppliers to extend service if the connected load for initial full operation of such electric-consuming facility is to be 2,000 kw or larger. Current law authorizes such an extension at 1,000 kw or larger.
