Bill Analysis

SB 773 provides that the Oklahoma Advanced Mobility Pilot Program shall focus on developing and improving on transportation technologies as well as enhancing the interaction between modes of transportation to ensure the state is best prepared for the interconnected transportation technologies of the future. The Department of Transportation shall identify and select government entities eligible to serve as pilot programs for the adoption of advanced mobility technologies. The measure also creates the Oklahoma Advanced Air Mobility Revolving Fund to be managed by the Oklahoma Aeronautics Commission. Monies from the Fund shall be used to invest in advanced air mobility and unmanned aircraft systems and associated infrastructure.
