Fiscal Analysis

HB 3378 creates the Revised Uniform Fiduciary Access to Digital Assets Act. The act creates a framework to govern access to a person's online accounts when the account owner dies or loses the ability to manage the account. If the person did not use a online tool to name a fiduciary, the owners can grant access to a fiduciary by will, trust, power of attorney or another instrument conveying access. The measure is not anticipated to have a fiscal impact to the state.
