

Fiscal Impact
2nd Session of the 59th Legislature

Bill No.:	HB 3821
Version:	ENGR
Author:	Sen. Rader
Date:	03/27/2024

Fiscal Analysis

HB 3821 would require the Oklahoma Department of Emergency Management (OEM) to develop a statewide Stormwater Management Predictive Analytic Solution. Per OEM, it is likely the agency would submit for a federal grant to receive 75% of the estimated cost of this system paid by the Federal Emergency Management Agency (FEMA). The total cost of this system is currently unknown until a procurement process takes place. OEM also notes that the timeline to receive grant funding is variable, so having this system operational by February 28, 2025 may require additional funding upfront until grant funding is available for the implementation of the system.

FY'25 Impact: \$500,000.00

Full Year Impact: \$500,000.00

Prepared by: Department of Emergency Management
