2 telephone number to obtain current provider directory information.

3 F. 1. The health benefit plan shall include in both its online  
4 and print directories, if offered, a clearly identifiable telephone  
5 number, email address, or link to a webpage which an insured or the  
6 general public may use to report to the plan inaccurate information  
7 listed in the provider directory. Whenever a plan receives a  
8 report, it shall promptly investigate the report and, not later than  
9 two (2) days following the receipt of such report, either verify the  
10 accuracy of the information or update the information.

11 2. A plan shall take appropriate steps to ensure the accuracy  
12 of the information concerning each provider listed in the provider  
13 directory. The plan shall contact providers as necessary to ensure  
14 that the information provided in the directory is up to date.

15 3. The plan shall, at least annually, audit its provider  
16 directories for accuracy. The audit should be focused on the top  
17 four utilized specialties to include at least one specialty related  
18 to mental health. Alternatively, plans may audit based on a  
19 reasonable sample size of providers, as long as the sample size  
20 includes behavioral health providers. The plan shall retain  
21 documentation of any audit conducted under this paragraph to be made

1 G. An insurer of a health benefit plan shall, by certified

4 the provider has not submitted claims to the plan or otherwise

11 the network.

12 H. In accordance with any timeframes and requirements that may  
13 be established by the Commissioner, an insurer of a health benefit  
14 plan shall report to the Commissioner the following:

16 this section, the timeliness of the response from the plan, and the  
17 corrective action or actions taken; and

18 2. All auditing reports conducted by the plan pursuant to  
19 subsection F of this section.

20 I. If an insured reasonably relies upon materially inaccurate  
21 information contained in a provider directory of a plan, the  
22 Commissioner may require the plan to provide coverage for all  
23 covered health care services provided to the insured and to  
24 reimburse the insured for any amount that he or she would have to

1 pay if the services would have been delivered by an in-network  
2 provider under the network plan. Provided, the Commissioner shall  
3 take into consideration that health benefit plan insurers are  
4 relying on health care providers to report changes to their  
5 information prior to requiring any reimbursement to an insured. In  
6 the event that the Commissioner finds that the provider has not  
7 provided updated information for the network directory of the  
8 insurer of a health benefit plan, the Commissioner may require that  
9 the provider be reimbursed at the assignment of benefits rate for  
10 the service if it were conducted in-network. Prior to requiring  
11 reimbursement under this subsection, the Commissioner shall conclude  
12 that the services received by the plan were covered services under  
13 the insured's network plan. If the services satisfy requirements of  
14 this subsection, a plan shall not deny reimbursement to an insured  
15 based on the provider of the services being out-of-network.

16 J. The Commissioner may promulgate rules to effectuate the  
17 provisions of this section.

18 SECTION 2. This act shall become effective November 1, 2023.
