

BILL SUMMARY
1st Session of the 59th Legislature

Bill No.:	HB1587
Version:	CS
Request Number:	7326
Author:	Rep. Grego
Date:	2/9/2023
Impact:	\$0

Research Analysis

The CS to HB 1587 prohibits the use of barrel or center of intersection stop signs at intersections with powered-on lighted traffic-control signals. Lighted traffic-control devices must be powered-off and covered when other means of traffic-control signals are used to supersede the lighted traffic-control signals.

Prepared By: Brad Wolgamott

Fiscal Analysis

According to the Oklahoma Department of Transportation (ODOT), this measure does not create a fiscal impact for the agency. Therefore, there is no fiscal or revenue impact to the state.

Prepared By: Mariah Searock, House Fiscal Staff

Other Considerations

None.
