

Bill Summary
1st Session of the 59th Legislature

Bill No.:	SB 343
Version:	INT
Request No.:	863
Author:	Sen. Newhouse
Date:	01/13/2023

Bill Analysis

SB 343 modifies language regarding criminal history record checks for school district employees. The measure states that if a full-time teacher, who is employed by a school district and who has had a record check conducted in the previous 5 years, seeks employment at another school district, the letter the teacher provides to the school district must include an attestation as to whether there were allegations or pending or ongoing investigations of inappropriate behavior between the teacher and a student or students.
