**Bill Analysis**

SB 692 provides that licensed emergency medical personnel including emergency medical responders, emergency medical technicians, intermediate emergency medical technicians, advanced emergency medical technicians, and paramedics employed by any participating employer may retire with full benefits on the first day of the month coinciding with or following a member's completion of at least 20 years employment. Such personnel shall also have retirement benefits for each year of full-time-equivalent participating service as an emergency medical service personnel computed on 2.5% of the final average compensation based upon those years as an emergency medical service personnel. Additional years of service shall be computed on 2% of the final average compensation of the member multiplied by the number of years of such service.
