Bill No.:	SB 810
Version:	CS
Request No.:	1870
Author:	Sen. Garvin
Date:	02/14/2023

Bill Analysis

SB 810 authorizes the Oklahoma Medical Marijuana Authority to exempt a medical marijuana business licensee from medical marijuana transportation requirements if the licensee is transporting medical marijuana waste between licensed facilities held by the licensee. The Authority may, at any time, revoke this provision if the licensee violates medical marijuana transportation requirements provided for in current law. The CS requires all medical marijuana business licensees to provide the Authority insurance verifications for all individuals licensed to transport medical marijuana or medical marijuana product.
