2 average daily membership of the receiving district for the preceding
3 school year to exceed two percent (2%). Children served by Head
4 Start may not be counted for the purpose of this paragraph unless

24 willing to provide necessary educational services may enter into a

3 children for school purposes will be considered as being in the
4 district maintaining the school; provided, however, that upon
5 release from the school, a child shall be considered as a resident
6 of the originating school district for school purposes. The
7 governing body of the state institutions specified in this
8 subsection shall pay the costs for educating students placed in the

17 subsection C of this section. No person operating such an entity
18 may contract for the provision of educational services with any

16 accreditation standards. No school district shall be responsible
17 for any expenses for students in an entity described in subsection D
18 of this section which are not directly related to the provision of
19 educational services. A school district shall not be obligated for
20 expenses of those students in an entity in the current school year
21 for whom educational services are requested after the first nine (9)
22 weeks of the current school year for the district if educational

24 in the first nine (9) weeks, unless the school district chooses to

1 provide educational services for the current school year. Contracts
2 and agreements for provision of educational services may allow for
3 the use of public and private sources of support which are available
4 to share the costs of educational services and of therapies,
5 treatments, or support services. Otherwise valid obligations to
6 provide or pay for such services, such as Medicaid, shall remain in

16 including compliance with ~~Section 18-114.14~~ Section 18-114.15 of
17 this title. The contract shall include the State Aid generated by

20 the total on an annual basis. The school district shall exercise
21 supervision over the educational program in the facility and bear
22 all responsibility for required educational reporting. The school
23 district shall maintain access to all educational records for
24 students in the facility⁷ and shall provide for the appropriate

1 academic credit and diplomas. The school district shall be
2 indemnified against any actions or penalties on the part of the
3 facility which result in adversity for the school district.

4 G. Any question as to the place of residence of any child for
5 school purposes shall be decided pursuant to procedures utilized by
6 the State Department of Education.
