1 STATE OF OKLAHOMA

2 2nd Session of the 60th Legislature (2026)

3 PROPOSED OVERSIGHT  
4 COMMITTEE SUBSTITUTE  
5 FOR  
6 HOUSE BILL NO. 3312

By: Eaves

7  
8  
9 PROPOSED OVERSIGHT COMMITTEE SUBSTITUTE

10 An Act relating to education; allowing public schools  
11 to provide annual instruction to students on firearm  
12 safety; requiring the Council on Law Enforcement  
13 Education and Training to consult with the Department  
14 of Education; mandating the development or approval  
15 of an appropriate program; allowing certain topics to  
16 be taught to certain grades; prohibiting certain  
17 viewpoints and live firearm rounds; requiring opt out  
18 option for districts requiring the instruction;  
19 allowing schools to begin instruction earlier if  
20 appropriate; providing an effective date; and  
21 declaring an emergency.

22 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

23 SECTION 1. NEW LAW A new section of law to be codified  
24 in the Oklahoma Statutes as Section 11-103.6q of Title 70, unless  
there is created a duplication in numbering, reads as follows:

1       A. Beginning with the 2026-2027 school year, every public  
2 school in this state may annually provide students with age-  
3 appropriate and grade-appropriate instruction on firearm safety.  
4 The Council on Law Enforcement Education and Training (CLEET), in  
5 consultation with the Department of Education, shall determine the  
6 earliest appropriate age and grade for which firearm safety  
7 instruction may be provided. In determining the earliest  
8 appropriate grade for instruction on firearm safety, the Department  
9 shall study all relevant data and risk factors, including the  
10 earliest age at which incidents of injury involving firearms are  
11 reported and the earliest age at which children are susceptible to  
12 harm from found firearms. For purposes of this section, "public  
13 schools" shall include charter schools and virtual charter schools.

14       B. 1. The Council on Law Enforcement Education and Training,  
15 in consultation with the Department of Education, shall develop or  
16 approve a curriculum or program of instruction on firearm safety.  
17 The departments shall not approve curricula or programs of  
18 instruction if the curricula, programs of instruction, or any  
19 materials used as part of the curricula or programs of instruction  
20 bear a brand or organizational affiliation. Notwithstanding the  
21 provisions of this subsection, curricula, programs of instruction,  
22 or any of the instructional materials used to educate students on  
23 firearm safety in accordance with this section may bear a brand

24

1 issued by the State of Oklahoma or by any state department, agency,  
2 or division.

3 2. The instruction provided pursuant to subsection A of this  
4 section may be provided in a classroom setting, through the viewing  
5 of a video, or through the review of online resources or materials,  
6 as determined by the Department of Education.

7 3. Each school may determine how best to incorporate the  
8 instruction provided pursuant to subsection A of this section into  
9 the school year. Instruction by a CLEET-certified school resource  
10 officer, or local member of law enforcement currently certified by  
11 CLEET, shall be considered best practice.

12 C. The instruction provided pursuant to subsection A of this  
13 section shall be age-appropriate and shall adhere to the following:

14 1. Kindergarten through fifth grade students shall be taught  
15 basic firearm safety including, but not limited to:

- 16 a. stop,
- 17 b. do not touch,
- 18 c. leave the area, and
- 19 d. tell an adult;

20 2. Students in grades six through twelve shall be provided  
21 instruction on best practices and guidelines for safe handling and  
22 storage of a firearm to prevent accidents and ensure safety. Such  
23 instruction shall include, but not be limited to, teaching students:

- 24 a. safe storage of firearms,

- b. school safety relating to firearms,
- c. how to avoid injury if the student finds a firearm,
- d. to never touch a found firearm, and
- e. to immediately notify an adult of the location of a found firearm;

3. All instruction shall be viewpoint neutral on political topics such as gun rights and gun violence; and

4. Instruction shall not include the use or presence of live ammunition, live fire, or live firearms.

D. If a school district decides to require firearm safety instruction to students, each school within said district shall notify parents and legal guardians of the required instruction and include an option with details on how to opt their student out of said instruction. A school may provide an alternative educational activity to a student whose parent or legal guardian has opted them out of the firearm safety instruction.

E. Each public school may begin firearm instruction at the grade level determined by CLEET in accordance with subsection A of this section. A public school may elect to begin age-appropriate firearm instruction earlier than the earliest grade level determined by CLEET if appropriate for its school district.

SECTION 2. This act shall become effective July 1, 2026.

SECTION 3. It being immediately necessary for the preservation of the public peace, health or safety, an emergency is hereby

1 declared to exist, by reason whereof this act shall take effect and  
2 be in full force from and after its passage and approval.
