5 there is created a duplication in numbering, reads as follows:

6 As used in this section:

7 1. "Abortion" means the act of using or prescribing an  
8 instrument, a drug, a medicine, or any other substance, device, or  
9 means with the intent to cause the death of an unborn child of a  
10 woman known to be pregnant. An act is not an abortion if the act is  
11 done with the intent to:

- 12 a. save the life or preserve the health of an unborn  
13 child,
- 14 b. remove a dead, unborn child whose death was caused by  
15 a miscarriage, or
- 16 c. remove an ectopic pregnancy;

17 2. "Abortion-inducing drug" means a drug, a medicine, or any  
18 other substance, including a regimen of two or more drugs,  
19 medicines, or substances, prescribed, dispensed, or administered  
20 with the intent of terminating a clinically diagnosable pregnancy of  
21 a woman and with knowledge that the termination will, with  
22 reasonable likelihood, cause the death of the woman's unborn child.  
23 The term includes off-label use of drugs, medicines, or other  
24 substances known to have abortion-inducing properties that are

1 prescribed, dispensed, or administered with the intent of causing an  
2 abortion, including the Mifeprex regimen, misoprostol (Cytotec), and  
3 methotrexate. The term does not include a drug, medicine, or other  
4 substance that may be known to cause an abortion but is prescribed,  
5 dispensed, or administered for other medical reasons;

6 3. "Contraception" means the use of any natural or artificial  
7 means to prevent the fertilization of a human ovum;

8 4. "Pregnancy center" means a private nonprofit organization  
9 that promotes childbirth and alternatives to abortion and provides  
10 women, children, and families with resources, counseling, classes,  
11 referrals, and information related to pregnancy, childbearing,  
12 adoption, and parenting; and

13 5. "Medical pregnancy center" means a private nonprofit  
14 organization that promotes childbirth and alternatives to abortion  
15 and provides medical testing, medical counseling, or medical care  
16 related to pregnancy. It may also provide women, children, and  
17 families with resources, counseling, classes, referrals, or  
18 information related to pregnancy, childbearing, adoption, and  
19 parenting.

20 SECTION 2. NEW LAW A new section of law to be codified
