SUBJECT: Department of Transportation

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 69 O.S. 2021, Section 1001, is amended to read as follows:

Section 1001. A. The Transportation Commission shall have authority to sell any lands, or interest therein, which may have been acquired for highway purposes, or facilities necessary and incident thereto, and any equipment, materials, or supplies which in the opinion of the Commission are no longer serviceable, useful, or necessary for the state highway system or the operation of the Department of Transportation. Such authority shall be subject at all times to the continuing right to the use of the lands by any entity operating a sewer, water or gas system, telephone or electrical services, and by public service corporations and rural electric and telephone cooperatives for the construction, reconstruction, maintenance, operation, and repair of their facilities of service which may be upon the lands. However, any such land which was acquired by the Commission from a governmental subdivision as a gift, or for a nominal consideration, may be reconveyed to the governmental subdivision by the Commission, upon

repayment by the governmental subdivision to the Commission of any consideration for the original conveyance.

B. Any surplus land which has been leased to a political subdivision by the Commission may be sold and conveyed to the political subdivision for the present fair market value as determined by a competent appraisal and the political subdivision may have credited toward the purchase price of any such property the lease payments which the political subdivision shall have previously made to the Commission.

C. Except as otherwise herein provided, the lands, materials, equipment, and supplies shall be sold for cash to the highest and best bidder after notice by publication in a newspaper published in the county where the land is situated, or where the materials, equipment, or supplies are located, in two consecutive weekly issues of the newspaper.

D. 1. If the land originally comprised a partial taking, leaving an abutting remainder, then prior to conducting such advertisement and solicitation of bids for the sale of any lands or interests therein, the Commission shall notify the person, firm, or corporation which originally conveyed the property to the Commission or present successor to the original remainder that same has been declared surplus and is to be offered for sale. Such notice shall be sent by registered mail addressed to the last-known address of such person, firm, or corporation, with return receipt requested. Such notice shall also be made available on the website of the Department of Transportation. Such notice shall contain an offer to sell such property to such person, firm, or corporation for an amount not greater than the amount for which the property was originally obtained by the Commission ~~for a period of five (5) years from the original taking.~~ Following the five-year period, the sale of such property may be offered at fair market value. ~~The amount of the Commission's requested purchase price based on such appraisal shall be stated in the notice, and the~~ having had no federal funds used in the purchase of the property. The person, firm, or corporation receiving such notice and offer shall be informed therein that unless such person, firm, or corporation notifies the Commission in writing within ~~thirty (30)~~ ninety (90) days from the date of receipt of the notice that the Commission's offer of sale is accepted by such person, firm, or corporation, the Commission shall proceed to sell the property at public auction as provided for in this section. After the expiration of ~~thirty (30)~~ ninety (90) days from the date of receipt of the notice by the person, firm, or

corporation to whom it is addressed, if such person, firm, or corporation has not notified the Commission in writing of the acceptance of the Commission's offer of sale, the Commission shall proceed to sell such property by public auction and no attempt to accept the Commission's offer by such person, firm, or corporation after the expiration of such ~~thirty (30)~~ ninety (90) days shall be honored by the Commission. However, such person, firm, or corporation may submit a bid at the public auction of the property in the same manner as any other qualified bidder.

2. If the land to be disposed of originally comprised a total taking, leaving no abutting remainder, then ~~such shall be sold to the highest bidder, or as otherwise herein provided except that,~~ prior to conducting such advertisement and solicitation of bids for the sale of lands or interests therein, the Commission shall notify the person, firm, or corporation which originally conveyed the property to the Commission or present successor. Such notice shall also be made available on the website of the Department of Transportation. The notice shall contain an offer to sell such property to such person, firm, or corporation subject to the same conditions as set forth in paragraph 1 of this subsection. If such person, firm, or corporation has not notified the Commission in writing of the acceptance of the Commission's offer of sale, and if the land to be disposed of originally comprised a total taking of less than three (3) acres, leaving only one abutting property owner of record, then prior to conducting such advertisement and solicitation of bids for the sale of any such lands or interest therein, the Commission shall notify the sole abutting property owner of record to the taking that such has been declared surplus and is to be offered for sale. Such notice shall be sent by registered mail addressed to the last-known address of such person, firm, or corporation, with return receipt requested. Such notice shall also be made available on the website of the Department of Transportation. Such notice shall contain an offer to sell such property to such person, firm, or corporation subject to the same conditions as set forth in paragraph 1 of this subsection.

The Department may be reimbursed for any cost incurred in the recovery or storage of such road or bridge material or supplies. The governmental entity requesting the excess, unused, or otherwise surplus road or bridge materials or supplies shall retrieve such materials or supplies from the Department of Transportation within one hundred eighty (180) days from the completion of the project for which the materials or supplies are declared excess or surplus.
