STATE OF OKLAHOMA

1st Session of the 60th Legislature (2025)

HOUSE BILL 2084

By: Blair of the House

and

**Daniels** of the Senate

## AS INTRODUCED

An Act relating to professions and occupations; amending Section 3, Chapter 269, O.S.L. 2024 (59 O.S. Supp. 2024, Section 1688.1), which relates to continuing education requirements; modifying license renewal requirements; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1.           AMENDATORY           Section 3, Chapter 269, O.S.L.  
2024 (59 O.S. Supp. 2024, Section 1688.1), is amended to read as  
follows:

Section 1688.1. A. 1. Effective January 1, 2026, no contractor or journeyman license shall be renewed unless the licensee has completed twelve (12) hours of continuing education every three (3) years or thirty-six (36) months preceding the ~~expiration date of the license or registration certificate~~ license renewal. If a license expires before the licensee completes the

1 continuing education requirement, any continuing education that is  
2 completed while the license is expired will be applied to the  
3 continuing education requirement for the thirty-six (36) months  
4 preceding the date the license expired. Once the continuing  
5 education requirement for the expired license is met, along with any  
6 other requirements, the expired license may be renewed. Twelve (12)  
7 hours of continuing education will have to be completed in order to  
8 meet the continuing education requirement for the subsequent thirty-  
9 six-month period. The continuing education course and instructor  
10 shall be approved in advance by the Committee of Electrical  
11 Examiners. Exceptions to advance approval, or post-course approval,  
12 may be allowed by the Committee, or its designee, for substitute  
13 instructors in emergency situations when written notice of the  
14 emergency is provided to the Committee, or its designee, within  
15 seven (7) days of the course. The location of continuing education  
16 courses shall be at the discretion of the course provider and may be  
17 scheduled during the workday at the discretion of the course  
18 provider. The continuing education material shall cover six (6)  
19 hours of codes and revisions adopted by the Oklahoma Uniform  
20 Building Code Commission (OUBCC). The remaining six (6) hours may  
21 include the study of: electrical circuit theory and calculations,  
22 wiring methods, grounding and bonding, transformer and motor theory,  
23 electrical circuits and devices, control systems, alternative energy  
24 systems including energy storage, safety related to the electrical

1 industry as defined by NFPA 70E, manufacturers' installation of  
2 equipment or parts, the Electrical License Act, the trade  
3 regulations as set forth in this act as well as the rules of the  
4 Construction Industries Board, and other trade subject matters  
5 approved by the Committee.

6       2. Effective January 1, 2026, no apprentice shall be permitted  
7 to reregister unless the apprentice registrant has completed three  
8 (3) hours of continuing education every year preceding ~~the~~  
9 ~~expiration date of the registration certificate~~ re-registration. If  
10 a registration expires before the registrant completes the  
11 continuing education requirement, any continuing education that is  
12 completed while the registration is expired will be applied to the  
13 continuing education requirement for the year preceding the date the  
14 registration expired. Once the continuing education requirement for  
15 the expired registration is met, along with any other requirements,  
16 the apprentice is allowed to reregister after having an expired  
17 registration. Three (3) hours of continuing education will still  
18 have to be completed in order to meet the continuing education  
19 requirement for the subsequent registration year. The continuing  
20 education course and instructor shall be approved in advance by the  
21 Committee. Exceptions to advance approval, or post-course approval,  
22 may be allowed by the Committee, or its designee, for substitute  
23 instructors in emergency situations when written notice of the  
24 emergency is provided to the Committee, or its designee, within

1 seven (7) days of the course. The location of continuing education  
2 courses shall be at the discretion of the course provider and may be  
3 scheduled during the workday at the discretion of the course  
4 provider. The continuing education material shall cover a  
5 combination of the codes and revisions adopted by the OUBCC,  
6 Oklahoma electrical industry regulations as well as the rules of the  
7 Construction Industries Board, and "electrical safety" as defined by  
8 NFPA 70E, other trade subject matters approved by the Committee, or  
9 approved continuing education for the contractor or journeyman.  
10 Notwithstanding the provisions of this subsection, if an apprentice  
11 is a student apprentice or is enrolled and attending an approved  
12 course, the continuing education shall not be required.

13 B. The Construction Industries Board shall amend its rules,  
14 wherever applicable, to conform to the provisions of the Electrical  
15 License Act.

16 SECTION 2. This act shall become effective November 1, 2025.
